SUMMER 2017

Kershaw Launch 7

The Tim Galyean designed Kershaw Launch 7 has a unique aluminum handle and a gray & black two tone industrial look that make this a very unique automatic knife. This made in the USA automatic features a reversible pocket clip, push button open & lock release and a 3.75 inch blade. The black CPM 154 blade accents the knife perfectly and features a tough corrosion resistant DLC finish. Weighing in at 3.2 ounces, the Kershaw Launch 7 is a great everyday carry knife. www.kershaw.kaiusalt.com/knives/knife/launch-7

Carson VP 832

The Carson VP 832 are a great 8 x 32 full sized binocular that are perfect for all around use including general glassing, sporting events and hunting. Featuring BAK-4 prisms and multi-coated lenses, the VP 832's are both water proof & fog proof making them effective in any weather conditions. The 8 times magnification is crisp & clear making this versatile binocular dependable in just about any situation. The Carson VP 832 comes with a neck strap, pouch, lens covers & cloth and they will quickly become one of your pieces of mandatory gear. www.carson.com

Powerstep Endurance Insoles

The Powerstep Endurance Insoles are a low profile insole which provide a light arch support for endurance activities. The Endurance insoles feature VCT Variable Cushioning Technology with targeted cushioning at the high impact areas such as the ball and heel to protect your feet. The water resistant insoles have a slim profile and a flexible arch support which is super comfortable. The Powerstep Endurance Insoles are perfect for increased support during running, cycling, skiing or just about any other activity that keeps you on your feet. www.powersteps.com
